WHO WE ARE

ENGINEERING AND INDUSTRIAL SERVICES

**OUR GOAL IS
TO PROVIDE
EXCEPTIONAL
QUALITY, TAILORED
SERVICES, AND
CONTINUAL
SUPPORT.**

Established in 1986, REDA Hazard Control has been providing products, systems, and services to a wide variety of industries across the world.

REDA Hazard Control offers a full spectrum of end-to-end solutions for hazard control. Our areas of expertise include fire protection, safety, and security. We are a leading provider of fire protection services and safety systems & equipment. We also offer solutions that will improve and enhance your site security.

Our goal is to provide exceptional quality, tailored services, and continual support. We exist to protect the lives of people and the community in which we live and work. This is why we always strive for excellence in all that we do.

Our services are innovative, comprehensive and represent excellent value with professional, world-class local content. We consider our customers as our partners and we believe in working with you on a personal basis to ensure precision until you are completely satisfied. So when it comes to safety, rest assured that we have all the bases covered.

REDA Hazard Control believes in a team approach for creating a safer facility. We work closely with our clients to formulate and implement high-quality, comprehensive programs that exceed their expectations.

**WE EXIST
TO PROTECT THE LIVES
OF PEOPLE & THE
COMMUNITY
IN WHICH WE LIVE AND
WORK.**

WHAT WE DO

SAFETY, SECURITY AND BEYOND..

WE SPECIALIZE IN THE AREAS OF FIRE PROTECTION, SAFETY, SECURITY, AND PROCESS SOLUTIONS.

We are committed to providing products and services to customers in a safe, responsible manner to ensure the safety of our employees, the environment, our customers, share-holders and the communities in which we operate.

Our dedicated team collaborates with leading manufacturers around the world. We combine their scientific and technological expertise with our wealth of contracting, installation, and service experience.

Whether large or small, REDA Hazard Control has the people, products, financial resources, and the expertise to handle your project from start to finish. We will evaluate a broad range of solutions to find what fits your needs.

REDA Hazard Control team has developed tactics and solutions that assure the greatest margin of safety are built to meet the demanding challenges found within high-risk industries. We fully comply with EH&S laws and regulations wherever we operate, ensuring regulatory safety standards are met.

WHO WE SERVE

INDUSTRIAL VISION

WHERE WE SERVE

WITHIN YOUR REACH

OUR SERVICES

TURNKEY SOLUTIONS PROVIDER

At REDA Hazard Control, we pride ourselves on delivering highly customized solutions for fire protection, safety, and security. Our specialist team collaborates closely with you on-site to thoroughly assess your facility's unique challenges, risks, and exposures. This hands-on approach allows us to identify vulnerabilities that could threaten your operations and prescribe tailored solutions to mitigate these risks effectively.

The diverse settings we operate in—ranging from industrial plants to commercial facilities and high-risk environments—require an unmatched standard of products and comprehensive safety strategies. That's why we partner with global technology leaders to provide best-in-class equipment, ensuring you receive cutting-edge, reliable systems.

Our bespoke service goes beyond just providing products. We offer a holistic approach to hazard control through detailed code consulting and risk assessment studies. These services are designed to align with your specific operational requirements, industry regulations, and safety standards, ensuring you are fully equipped to address potential threats.

With REDA Hazard Control, you're not just investing in safety products; you're gaining a trusted partner dedicated to protecting your people, property, and operations through innovative, customized solutions.

We offer:

- Fire Protection & Alarm Services
- Physical Security Services
- Fire Emergency Vehicles Services
- Pump Flow Test Services
- Breathing Air Compressor Services
- Breathing Apparatus Services
- Fire Extinguisher Services
- Breathing Air Refilling Services

- Fire Suppression Refilling Services
- Gas Detection Services
- Rescue Equipment Services
- Facility Management Services
- Power Generator Services
- Industrial Equipment Services
- Process Services
- Online Services

OUR CULTURE

GREAT PLACE TO WORK

Mission

To provide cutting edge solutions.

Purpose

To help create a safer environment.

Values

Integrity Having the courage to do the right thing at all times and in all circumstances, whether or not anyone is watching and no matter what the consequences.

Pursuit of Excellence Achieving distinction through innovation, learning and agility.

Service Delivering excellence in products, service and relationships.

Teamwork Collaborating to develop innovative ideas and optimal solutions.

Accountability We take ownership for our actions and their outcomes. We have the courage to make bold decisions and we deliver what we promise.

WHERE PURPOSE
FUELS PERFORMANCE

The company operates a safety policy in compliance with internal set objectives of recognized standard.

Safety consultants are retained to advise on all safety matters related to company activities.

Safety awareness is highlighted for all projects and risk assessment is prepared to recognized standards to control hazards.

The safety policies followed are aimed at working together with clients to achieve the objective of zero safety related incidents.

**WE EXIST TO
PROTECT THE LIVES
OF PEOPLE AND
THE COMMUNITY
IN WHICH WE LIVE
AND WORK**

HEALTH, SAFETY & ENVIRONMENT POLICY

Our commitment

REDA Hazard Control (RHC) has moral and legal responsibility for the protection of health, Safety, and the environment, complying with all applicable Safety Codes, Rules and Regulations, and Standards to ensure a safe working environment. All incidents causing loss be reported promptly and a thorough investigation be conducted to identify causes and initiate action to prevent a recurrence.

We will not be satisfied until we succeed in eliminating all injuries, occupational illness, unsafe practices, and incidents of environmental harm from our activities.

We will operate in compliance with all relevant environmental legislation and will use available technologies, best practices, and controls that will prevent pollution of the environment.

Our plan

To meet our commitment, RHC will:

- To demonstrate visible and active leadership that engages our employees and subcontractors and manages Health, Safety, and Environmental (HSE) performance as a line responsibility with clear authorities and accountabilities.
- Ensure that all employees and subcontractors employees understand that working safely and protecting the environment is a condition of employment and that they are responsible for their own safety and the safety of those around them.
- Provide employees with the capabilities, knowledge, and resources necessary to instill personal ownership and motivation to achieve HSE excellence.
- Provide relevant HSE information to subcontractors and require them to provide proper training for the safe and environmentally sound performance of their work.
- Provide and maintain safe and healthy working conditions, and follow operating practices that will safeguard all employees, secure working conditions, and efficient operation.
- Strive for continual improvement of our HSE management system and our performance by setting challenging goals and targets, monitoring our performance, and celebrating our successes.

Mohammed Ezzat Beck
Managing director

ENVIRONMENTAL POLICY

RESPECTING OUR PLANET

Environmental policies are operated to ensure safeguards in respect of the environment and society in connection with all of its activities. The company additionally complies with all client requirements regarding environmental policies, which are in force at its sites or operating locations.

REDA Hazard Control company policy is aimed at reducing environmental impact to a minimum and ensuring that all related activities are carried out in accordance with recognized approved procedures.

**OUR AIM IS
TO REDUCE
ENVIRONMENTAL
IMPACT TO A
MINIMUM**

QUALITY POLICY STATEMENT

REDA SPECIALIZES IN THE MARKETING AND SUPPLY OF QUALITY, RELIABLE AND SAFE MATERIALS, EQUIPMENT AND TECHNOLOGY FOR THE USE OF INDUSTRIAL PLANTS. THE OBJECTIVE OF REDA IS TO SUPPLY PRODUCTS THAT ARE FIT FOR USE AND HAVE THE DESIRED QUALITY IN ACCORDANCE WITH CUSTOMER REQUIREMENTS AND SPECIFICATIONS. OUR CUSTOMERS EXPECT SAFE, RELIABLE AND OPTIMUM COST PRODUCTS DELIVERED ON TIME.

WE ARE COMMITTED TO QUALITY, INTEGRITY AND EXCELLENCE IN EVERYTHING WE DO. IN ORDER TO MEET OUR MISSION AND ACHIEVE OUR VISION, WE AT REDA MUST CONSISTENTLY MEET OR EXCEED CUSTOMER REQUIREMENTS, AND CONTINUOUSLY IMPROVE OUR PROCESSES THROUGH WHICH WE DELIVER OUR PRODUCTS AND SERVICES.

QUALITY PROBLEMS ARISING IN VARIOUS AREAS ARE TO BE IDENTIFIED AND SOLVED WITH SPEED, TECHNICAL EFFICIENCY AND ECONOMY. WE SHALL FOCUS OUR RESOURCES, BOTH TECHNICAL AND HUMAN, TOWARDS THE PREVENTION OF QUALITY DEFICIENCIES TO SATISFY THE ORGANIZATIONAL GOAL OF:

"RIGHT FIRST TIME ... EVERY TIME".

OUR SUCCESS WILL BE MEASURED BY CUSTOMER SATISFACTION. WE ARE COMMITTED TO PROVIDING STAFF WITH THE TRAINING AND TOOLS NECESSARY TO CONTRIBUTE TO OUR QUALITY EFFORT. THE SUCCESSFUL OPERATION OF THE SYSTEM RELIES UPON THE CO-OPERATION AND INVOLVEMENT OF PERSONNEL AT ALL LEVELS. OUR COMMITMENT TO QUALITY WILL ENSURE THE CONTINUED SUCCESS OF OUR COMPANY AND THE SATISFACTION OF CUSTOMERS AND STAFF.

OUR CERTIFICATION

TRAINING IS A LONG-TERM INVESTMENT

Accredited

REDA Hazard Control is committed to quality and excellence. Our Quality Management System meets the requirements of ISO 9001: 2019 and our company is already certified by the Societe Generale de Surveillance (SGS). Other locations will shortly follow.

Company Certification

- HCIS Security Contractor Approval
- HCIS Fire Contractor Approval
- SFDA Certified Company
- DNV-GL Maritime Approval
- Saudi Aramco Approved Plant ID
- Civil Defense Approval
- ISO 9001: 2015
- ISO 14001: 2015
- OHSAS 18001: 2007
- ABS Certification
- ASME Approved Facility
- UL Listing & FM Approval Filling Facility
- OSHA Approval
- NFPA Approved Fire Truck Testing Facility

Service Certification

- Fire Trucks inspection and maintenance
- SCBA inspection and overhauling
- Fire Extinguisher inspection and maintenance
- Breathing Air Compressor inspection and maintenance
- Fixed and portable gas detection maintenance
- Hydraulic equipment inspection and overhauling
- Fire suppression equipment & systems inspection and maintenance
- Fire alarm system inspection and maintenance
- Fire pump inspection and maintenance
- NFPA-approved ITM Checklist

Engineering Certification

- Novac 1230 Fire Suppression System
- FM 200 Fire Suppression System
- Fire Alarm System
- High Pressure CO₂ System
- Room Integrity Test
- Mobile Fire Suppression System
- Kitchen Hood Suppression System
- VESDA System
- Water Extinguishing System
- Fire Pumps Calculation
- CCTV System
- Access control system
- Physical security equipment
- Intrusion detection system
- Anti-personnel and crash-rated fencing
- Under Vehicle inspection system
- ID Management system
- Time Attendance System
- Long range and thermal cameras system
- Automatic license plate recognition system

REDA Guard Accreditations

- Saudi Aramco D&WO
- HCIS Security Contractor
- ABS Certified: SCBA Maintenance + Fire/Gas Detection Systems
- Bauer Compressors: Authorized Service Center
- MSA Safety: Authorized Service Center
- 3M Scott: Authorized Service Center
- Johnson Controls: Authorized Sales & Maintenance Partner

WHO WE ARE

ENGINEERING AND INDUSTRIAL SERVICE

“Our goal is to deliver exceptional quality, personalized services, and ongoing support—ensuring every client receives the attention and care they deserve.”

REDA Guard provides tailored safety, fire protection, and security solutions for high-risk sectors like oil & gas and maritime—where reliability is non-negotiable. Our systems comply with global standards and are engineered to meet exact client needs, emphasizing resilience, compliance, and cost-efficiency. Combining local expertise with international certifications, we address regional challenges while upholding global best practices.

As a committed partner in Saudi Arabia’s Vision 2030, we strengthen national industrial capabilities by investing in local talent, manufacturing, and innovation in critical safety infrastructure.

We go beyond installation: from consultation through implementation, we collaborate closely with clients to co-engineer bespoke solutions. No off-the-shelf fixes—just precision, accountability, and shared commitment. At REDA Guard, safety isn’t a service; it’s our mission. We deliver proven performance, operational confidence, and lasting peace of mind through trust, expertise, and partnership.

WHAT WE DO

SAFETY, SECURITY AND BEYOND...

“We deliver end-to-end safety and engineering solutions—from breathing air and gas detection to fire protection, fall arrest systems, security, equipment rental, and maintenance. Every system is custom-engineered for compliance, reliability, and your operational reality. Trusted. Precise. Built for you.”

REDA Guard – Engineered in Saudi Arabia. Trusted Where It Matters Most. Since 2003, REDA Guard—engineered in Saudi Arabia—has been a trusted partner in industrial safety across oil, gas, and petrochemical operations. We specialize in fire protection, H₂S risk management, and integrated security, not just meeting standards but anticipating hazards before they emerge.

As early pioneers in H₂S safety, we’ve built a reputation for end-to-end execution: designing, deploying, and maintaining mission-critical systems in the world’s toughest environments—from offshore platforms to desert extremes—without compromising performance.

Backed by local service centers and OEM-certified technicians, we provide seamless support for gas detection, fire suppression, breathing apparatus, and more, with full spare parts availability.

Innovation here isn’t marketing—it’s daily discipline. We refine processes, adopt smarter tech, and control costs while never cutting corners on safety or quality.

Guided by Safety, Integrity, and Sustainability, every solution aligns with global EH&S benchmarks and Saudi regulations. For us, safety is more than a service—it’s a national duty, proven under pressure and built to endure.

WHAT WE DO

VERTICALLY INTEGRATED AND INDEPENDENT

At REDA Guard, we build every solution in-house—from design and manufacturing to deployment and support—ensuring full control over quality, performance, and timelines. Our vertically integrated model eliminates third-party dependencies, enabling seamless coordination, rapid adaptation, and unwavering accountability. Free from external shareholders or vendor constraints, we operate with a single focus: protecting what matters most to you. This independence isn't just a strategy; it's a commitment to integrity, innovation, and uncompromising safety.

Proudly aligned with Saudi Vision 2030, we champion locally engineered, rigorously tested protection systems that meet global standards while strengthening national self-reliance. While others outsource core functions, we consolidate expertise under one roof—enhancing precision, reliability, and trust. At REDA Guard, we don't chase trends; we define them. Because in critical protection, excellence leaves no room for compromise.

SUPPLY

SUPPLYING SAFETY. SUSTAINING TRUST

- Breathing Air Cascade System (Containerized/Racked/Bottled)
- Breathing Air Apparatus (SCBAs, SABAs, ELSA, Cylinders)
- Fixed Gas Detection Systems, complete with panels, sounders, alarms, UPS, solar-powered stand-alone sensors, and test kits
 - Wired
 - Wireless
- Portable Gas Detectors
 - Single
 - Multi-gas
 - Area Monitoring System
- Breathing Air Compressors (All-in-One, Diesel, Electric, others).
- CCTV Camera Systems (Onshore/Offshore/Drilling platforms)
- Kitchen Fire Suppression Systems
- Fire Alarm & Fire Protection Systems (Onshore/Offshore/Drilling platforms)
- Manual Sampling Systems
- Vehicle Fire Suppression Systems / Frac Pump Suppression Systems
- Marine Items & Rig Safety Systems
- Fall Engineering / Protection Systems
- LSTK packages (include fire extinguishers and safety items)
- Drilling Rigs Spill Containment Systems (rig mats, kelly, others)
- OEM Spare Parts & Accessories

MANUFACTURING

BUILT FOR SAFETY. DESIGNED FOR PERFORMANCE

- Breathing Air Cascade System
- Bottle Air System
- Fixed Wired and Wireless Gas Detection Systems (R-Guard)
- Escort / Escape Vehicles with Customized GDS & BAS
- Breathing Air Cart Trolleys
- Breathing Air Trailers
- Manual Sampling Systems
- Foam skids
- Fire Pump Skids

RENTALS

BUILT FOR READINESS DRIVEN BY RELIABILITY

At the core of our customized IT services stands RGMS – a purpose-engineered platform that simplifies equipment data tracking with end-to-end traceability. It intelligently forecasts maintenance needs via automated, schedule-based alerts – empowering teams to act preemptively, reduce downtime, and consistently deliver superior service through precision-driven insights.

Our full-spectrum safety and operations support include:

- Breathing Air Cascade Systems (containerized / racked)
- Breathing Air Compressors (electric & diesel)
- Breathing Apparatus (SCBA, ELSA, etc.)
- Fire Extinguishers
- Fixed Gas Detection (wired or wireless)
- Portable Gas Detectors
- Fire Pump Systems (with optional hose reels/cabinets for rapid response)
- LSTK Turnkey Packages – pre-integrated, deployment-ready solutions
- On-site H2S & HSE Experts – ensuring compliance and operational excellence

Every solution is built to exacting standards – balancing safety, reliability, and seamless integration – without compromising performance or user experience.

SERVICES

WHERE EXPERIENCE DRIVES PROTECTION

REDA Guard: Trusted H2S & Safety Partner, Built on Experience

Our field teams are composed of rigorously vetted engineers and technicians — proven professionals with extensive, boots-on-the-ground experience across every major operational environment: land rigs, jack-ups, semisubmersibles, drill ships, swamp barges, and artificial islands. Wherever you operate, we've been there — delivering dependable, safety-driven support under real-world conditions.

What began as a focused H2S safety service has matured into a comprehensive, end-to-end solutions platform. For years, we've stood shoulder-to-shoulder with upstream drilling teams — not just solving problems, but foreseeing them. We don't react; we prepare.

Our mission is simple: to be your single, integrated source for all H2S and operational safety needs — reducing complexity while raising performance.

Rooted in practical field knowledge and deep sector understanding, we're channeling resources into intelligent innovation — not for show, but for substance. Expect sharper tools, smarter systems, and stronger safety results — all customized to fit your operation's distinct demands. No fluff. No jargon. Just proven expertise, quietly elevating your safety standard.

- Engineered Solutions - Custom Made for onshore/offshore drilling and well-completion rigs
- Installation, testing, commissioning, and maintenance of complete breathing air systems
- Installation of fixed gas detection systems
- Site inspections, surveys, training, and certification of cascade and gas detection systems
- Annual maintenance contracts for servicing gas detection system, breathing air cascade system, fire protection and alarm systems.
- Gas detectors calibration, service, maintenance – fixed systems and portables
- Air quality testing
- SCBA fit testing and function testing
- Installation, inspection, maintenance of Fall Protection Systems and Equipment
- Fire Extinguisher refilling and maintenance
- Hydrostatic Testing of SCBA Cylinders / Fire Extinguishers
- Inspection, installation, service, and maintenance of fire pumps
- Inspection, installation, service, and maintenance of kitchen fire suppression systems
- Equipment Rental Services – BA Compressor, Fire pump, SCBA, FE, others.
- Custom-made breathing air cart trolleys.
- Fire suppression system for heavy vehicles and frac pumps.

WHO WE SERVE

SAFETY, SECURITY AND BEYOND...

We serve major Multinational Oil & Gas Companies, Drilling Contractors & Service Providers, Maritime Companies, EPC Contractors, Petrochemical Companies, Energy Companies, Universities, Hospitals, Development Projects like NEOM, REDSEA, and many more.

Our approach is rooted in partnership. You're not just a client—you're a collaborator in safety. We listen, understand your unique challenges, and tailor our services accordingly. From consultation to long-term support, we remain committed until the job is completed to the highest standard. No compromises. No off-the-shelf fixes. Just dedicated protection that reflects your operational reality.

Supporting Saudi Arabia's Vision 2030, we proudly advance Saudi-made capabilities in security technology and integrated safety systems. By investing in local talent, enhancing domestic production, and fostering innovation, we contribute meaningfully to national self-reliance and economic transformation.

Security isn't a one-size-fits-all proposition—it thrives on collaboration and agility. We align closely with your team, adapt to your environment, and execute with discipline. The outcome? Smarter, more resilient protection that sets new industry expectations.

At REDA Guard, excellence isn't a slogan. It's how we operate—with integrity, consistency, and unwavering commitment. Because when it comes to safety, there is no room for anything less.
